

[General information](#)[Technical data](#)[enlarge image](#)**EcoStar 530 F****Dimensions**

Width	600 mm
Depth	600 mm
Depth with built-in water softener	650 mm
Height	820 mm
Width/Depth of washing cabinet	535 x 530 mm
Entry height	320 mm
Basket dimensions	500 x 500 mm

Capacities

Cycle *	120 sec
Theoretic basket capacity	30/h
Pump motor	0,55 kW
Tank content	20 litres
Final rinse	3 litres/basket
Tank heating	2 kW

Built-in boiler for alternating current 1NPE 230V- 50Hz

Built-in boiler	3 kW
-----------------	------

Total connected load for alternating current 1NPE 230V- 50Hz

Total connected load	3,55 kW
----------------------	---------

Built-in boiler for three phase current 3NPE 400V-50Hz

Built-in boiler	4,5 kW
-----------------	--------

Total connected load for three phase current 3NPE 400V-50Hz

Total connected load	5,05 kW
----------------------	---------

* If the appliance is connected to the cold water supply and / or at a short basket exchange time, the time necessary to reach hygienic rinsing temperatures can be extended.
